

**M e m o r a n d u m**

Date: July 12, 2010

To: Northern Division

Attention: Chief C. D. Jenkins

From: **DEPARTMENT OF CALIFORNIA HIGHWAY PATROL**  
Office of Inspector General

File No.: 010.13424.A07146.010

Subject: 2010 COMMAND PROPERTY INSPECTION REPORT

State Administrative Manual (SAM) Section 8652 requires departments to conduct a physical count of all state owned property and reconcile the count with accounting records at least once every three years. Departmental records indicate the last command inventory by the Northern Division command was conducted during the month of January 2010. In order to provide independent verification and reasonable assurance to the Office of the Commissioner that departmental inventory records are complete and accurate, your command was selected for a property inspection.

In accordance with procedures outlined in Highway Patrol Manual (HPM) 11.2, Materials Management Manual, and HPM 22.1, Command Inspections Program Manual, an inspection of your command's property, including vehicles and weapons, was completed by the Property Inspector (PI) on April 5 – 8, 2010. Using property records from the appropriate Offices of Primary Interest (OPI), the PI selected a random statistically-valid sample of property that was stratified across four property areas: general inventory control, telecommunications, fleet, and weapons (see Attachments B, C, D, and E). Additionally, the PI chose items within your command and compared them to the appropriate inventory records.

According to the OPI inventory lists, the command had a total property inventory population of 1,588 items (a). The statistically-valid sample at a 95 percent confidence level  $\pm$  5 percent error rate provided a total stratified sample size of 285 items when rounded up to the next whole number (d). The stratified totals for the command and Division units are summarized in Attachment G.

Northern Division

Page 2

July 12, 2010

When comparing equipment recorded on the predetermined property inspection lists for the equipment located within the six Division units, 268 of the 285 were located. Fourteen items were transferred to other commands; and three items were missing; however, in accordance with departmental policy, two of the three missing items had been previously identified as missing and were placed back onto the command's inventory records by the OPI. Also, 12 items were located at off-site locations during the inspection and photographs were provided to the PI for the 12 items. Two of the 268 require replacement property tags. The property inspection results of the equipment recorded on the predetermined property inventory lists to equipment located at the command and Division units are summarized in Attachment A.

When comparing equipment located at the command and Division units to the OPI inventory lists, 140 of the 142 items reconciled. Two items require a correction be made to the property records. The property inspection results of equipment located at the command and Division units to the OPI inventory list are summarized in Attachment A.

I request your command research and investigate the discrepancies in accordance with departmental procedures outlined in HPM 11.2, Materials Management Manual, Chapter 8, Equipment, and work with the appropriate OPI(s) to rectify any variances. A Physical Inventory Adjustment Request, CHP 24, must be completed to adjust the inventory records. In order to verify the above listed discrepancies have been rectified, please submit a memorandum to the Office of Inspector General through your respective Division by October 12, 2010.

In accordance with the Governor's Executive Order S-20-09 to increase government transparency, this report will be posted on the California Highway Patrol's internet website, and on the Office of the Governor's webpage, located on the State's Government website.

The Office of Inspector General would like to thank your command for their assistance during this property inspection. If you have any questions or need additional information, please contact me or Roger Ikemoto, Senior Management Auditor at (916) 843-3160.

E. SANCHEZ, Captain  
Interim Inspector General

Subject: ANNUAL INVENTORY - ISU

Attached is a copy of the Northern Division Investigative Services Unit (ISU) Annual Property Record Inventory Report for 2009. The ISU inventory has been reviewed and it complies with the provisions contained in Highway Patrol Manual (HPM) 11.2, Chapter 8. One item was not located during the inventory: Property Tag #108301 – 35mm Still Camera.

This item was located in the ISU Annual Property Record Inventory Report for 2008; however, the exact location was not documented. ISU personnel conducted a thorough search throughout Division. This included searching off-site storage facilities, the Air Operations facility, and vehicles used by ISU personnel. Additionally, personnel known to have used ISU equipment during the year or who had access to equipment were contacted. Despite being unable to locate the item, there is still a possibility it will be located. Ongoing attempts will be made to locate the missing item.

As a result, the ISU Sergeant will reemphasize departmental policy regarding the proper handling of equipment and the completion of credit memorandums on all items that are transferred or loaned to other Areas or returned to Supply Services as surplus equipment. Furthermore, equipment not being used will be secured in locked cabinets and the location documented.

Twelve items listed on the ISU Annual Property Record Inventory Report have been transferred to other locations. They are listed on the CHP 24, *Physical Inventory Adjustment Request*, form.

Questions regarding the annual equipment inventory may be directed to Sergeant Fredrick or Lieutenant Peck at (530) 225-2715.

  
FRANK PARISH, Captain  
Special Services Commander

**M e m o r a n d u m**

Date: December 27, 2001

To: Northern Division  
Attention: Inventory Control Officer

From: **DEPARTMENT OF CALIFORNIA HIGHWAY PATROL**  
Northern Division Air Operations

File No.: 109.10694.12420.A7103

Subject: 2001 ANNUAL INVENTORY

The Northern Division Air Operations Unit has completed its portion of the Northern Division annual inventory of equipment. Adjustments to the inventory are necessary and a CHP 24 form (Physical Inventory Adjustment Request) is attached reflecting the appropriate inventory adjustment requests.

Assigned, but no longer in CHP inventory, is a King, KX165-05 radio (R39290), and three Uniden scanners, (R56114, R56193, R59110). In 2001, both Air-11 (N12948) and Air-13 (N714QZ) were traded in and replaced with new aircraft. The KX165 radio and the three scanners were traded in with the aircraft. The attached CHP 24 reflects the request to delete these items from the inventory.

The base station radio (R34636) was exchanged for (R52730) upon occupancy of our new facility. The attached CHP 24 reflects the request to delete R34636 from the inventory and add R52730 to the inventory. Attached is a receipt from Telecommunications Section showing receipt of R34636.

During the inventory, a Compaq Deskpro 500 Computer (113472) was accounted for, but it does not appear on the inventory. Network Management Section's database shows this computer was surveyed in October 2000, because of a CHP 24 dated July 14, 2000, requesting a deletion. This computer has been at the Northern Division Air Operations unit since December 20, 1999. The attached CHP 24 reflects the request to add this item to the inventory.

The inventory report indicates a fuel storage tank (tag 97922) located in Tule Lake. This tank has been moved to Weaverville. The attached CHP 24 reflects the request to correct the tank's location.

S. YOUNGS, Sergeant  
Aerial Supervisor

**M e m o r a n d u m**

Date: December 11, 2009

To: Northern Division

From: **DEPARTMENT OF CALIFORNIA HIGHWAY PATROL**  
Northern Division Air Operations Unit

File No.: 109.13659.12420

Subject: 2009 ANNUAL INVENTORY

The Northern Division Air Operations unit has completed its portion of the 2009 annual inventory of equipment in compliance with HPM 11.2, Chapter 8. All items have been located and inventoried.

This year, three items were added to the R# Inventory Report that were accounted for in the 2001 annual inventory. Assigned on the inventory record, but not in inventory are a King, KX165-05 radio (R39290), and two Uniden scanners (R56114, R56193). A copy of the CHP 51 (CHP Memo) from the 2001 inventory providing explanation and requesting inventory adjustment is attached. A CHP 24 (Physical Inventory Adjustment Request) requesting the appropriate inventory adjustment is attached.

  
S. YOUNGS  
Sergeant
